

# Town Hall meeting attended by 290 citizens

They held Town Hall meeting in Hondo Tuesday night, a meeting that produced some practical ideas that might go a long way toward solving some of the city's problems.

Chaired by State Representative John Boerner and moderated by Fritz Lanham of Gov. Preston Smith's Department of Community Affairs,

the meeting, held in the Athletic Hall, attracted some 290 Hondo residents who heard representatives of state and federal office discuss subjects of water drainage, sewage facilities, housing and community development.

Some of the programs discussed probably are not feasible in Hondo, but a few quickly gained the interest of

those gathered and generated much conversation. Especially was this true in some of the housing programs discussed by Raymond Galindo, program manager of the Housing and Urban Development department in San Antonio.

ATTENTION GETTER  
The program gaining most of the attention was one Galindo called the Code Enforcement

Program. This program can be used to improve housing in any certain neighborhood through repair and remodeling. It can be done without a demolition program or a wholesale moving of residents in that neighborhood.

First, however, the City has to pass a Code Enforcement Ordinance which sets

housing standards. This code would hold true for the entire city.

Once this is done citizens in any neighborhood can apply for loans to repair or remodel their homes. Loan money for this program can be borrowed at a 3 percent interest rate. In case of persons who are within the poverty level, the first \$3,500 of

the loan can be declared an outright grant.

The HUD representative then went into discussion on the 235 program which has been utilized some in Hondo especially in the western part of the city. This program helps low income people buy a home with the government helping make the monthly payments as part of the inter-

est.

Galindo also discussed public housing and said for this program to be followed, the Mayor must first appoint a Housing Authority, which in turn will make application to HUD for a loan to cover so many units. When asked about the low income people having a voice in where this type housing would be placed,

he said that HUD has many safeguards as to site selection.

A rent supplement program also was discussed by the HUD representative. He said that any non-profit organization, as well as a governmental entity, could build units and rent them to low income people with the gov-

#### EXCELLENT MEETING

We should hold more meetings like we had Tuesday night.

This was a real, old-fashioned Town Hall meeting, where anyone who wanted to expressed their feelings and asked questions could do so.

Much information was given and many programs discussed which might possibly be of help to the city.

Also in the spirit of the meeting many persons expressed cooperation in the fulfillment of any of these programs that might be deemed helpful.

Now is the time to begin that cooperation. The City Council first has to discuss and digest the many programs covered Tuesday night. Then they will need the help of everyone to decide which ones the people want that will prove best for the city.

That's where the people come in. Those persons who believe that something must be done should now formulate a plan. Decide what the people want and come forward to the City Council and tell them these desires and say, "and here is how we believe this is the program that can accomplish it."

After that it is up to the City Council to follow through on the desires of the people and push those programs which might prove

## \$975,114 city budget approved by Council

Acceptance of a \$975,114, 30 budget and setting of the tax rate for 1971-72 were made by the Hondo City Council

at a meeting held on Wednesday, September 15.

Broken down by department it reads: Airbase fund,

\$48,485.00; General fund, \$282,900.00; Electric, \$446,000.00; and Water, \$197,729.00 for a total of \$975,114-

30.

The tax rate is unchanged from last year, being a 50 percent assessment at 75 cents per \$100 valuation.

Mayor George Brucks appointed three members to the 1971 Board of Equalization. They are G. C. Grisham, H. C. Mueller, Jr. and Tony Mendoza.

Council also approved request of Richard Winters to establish speed zones in the Trailer Park on Avenue Z. An ordinance will be written to that effect and signs will be erected.

In other actions: the Council approved transfer of \$23,000 from the electric fund to the General fund; approved low bid of \$4,340 on probe system for City Water System. Low bid went to Crane Supply Co.; approved two men in electric department to attend school at Texas A&M for one week; instructed Attorney Hugh Meyer to proceed with condemnation suit for land through the Trevino Estate.

### Reagan V. Brown is Co-op speaker

Members attending the annual meeting of the Medina Electric Cooperative in Pear-

sall Saturday, September 25, will hear an outstanding talk on community development if the speaker, the distinguished Reagan V. Brown of College Station, maintains the reputation he has earned with past speeches.

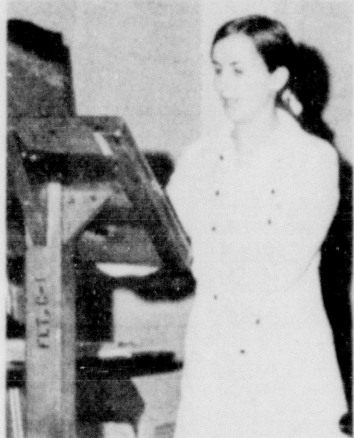

Brown, who holds three degrees from Texas A&M University and has studied at Cornell, Colorado State and Utah State Universities, is a recognized authority on community development and human relations.

MISS PAT KATHERINE HOULAHAN, children's coordinator at the San Antonio Public Library, was a featured speaker at the well-attended Library Workshop held in Hondo last Friday. Also present were Geraldine LeFevre, assistant library director; and Terrence Risko, main library supervisor. Sponsored by the Friends of the Library the workshop attracted attendance from a wide area.

#### Reagan V. Brown

Reagan Brown is responsible for the Texas Community Improvement Program, sponsored by the electric utility companies and conducted by the Texas Agricultural Extension Service. Working with local county agents and home demonstration agents, Brown has helped more than 1000 communities in programs designed to make them a better place in which to live.

He is an excellent speaker and his down-to-earth philosophy and style have made him a favorite speaker at all types of functions, from the farm area to the college platform.

### Camera catches wide-angle action in Owl-Coyote battle

Anvil Herald Photographer James Overstreet caught plenty of action in this clear shot during the Hondo Owl-Uvalde Coyote game Friday night. Seldom does one picture pick up such a wide an-

gle of action showing 17 of the 22 players on the field as well as two of the officials. It also gives a good action view of Kebo Ligon as he lugs the ball while stiff-arming a Coyote tackler. Other

Owls include: Johnny Abrego (30), Tom Hill (10), Fred Bader (55), Gordon Wiemers (75). Following the game Hondo could have been declared a disaster area if defection over a 40-8

loss could warrant such federal action. And with all these Coyotes bearing down on Ligon, one can see why it was a disaster.

Writer explains Tax Roll

September 21, 1971  
 Dear Mr. Lawrence:

In reference to the list of unpaid taxes in last week's paper the taxes in question is for the year of 1968 on Pt. 3 & 4 (E 15 of 3) 2 Brown and Wood. For the last 5 years my taxes have been:

- 1966 - \$15.60 Paid
- 1967 - 15.68 Paid
- 1968 - 26.55
- 1969 - 17.40 Paid
- 1970 - 17.40 Paid

As you can see the 1968 tax of \$26.55 is approximately 40% higher than the other 4 years. I tried to have this matter straightened out before these taxes even came due in 1968 and have continued for the last 3 years, but have received nothing but several stories which seem changeable. I have offered several times to pay even the largest amount which would be \$17.40 and in talking to the people which appraised the property and various attorneys they assure me this could be straightened out if the council had the desire to do so.

In the first place when the Board of Equalization met I was not even notified to appear even though I had sent in my request and it was received by the city. When I heard in town the Board was meeting I went to the City Office and asked when I was to appear and I was told they had concluded the day before and was referred to the City Assessor-Collector who told me they would meet again during the year and I

would be called to appear then, so naturally I waited for this call, which never came, until these taxes became due. When these taxes did come due I talked to the Mayor and was told at this time that I never made any attempt to appear and never sent in my notice that I wanted to appear before the Board of Equalization. After considerable conversation and discussion the city finally said they had received my request to appear but that my notice of appointed time must have been lost in the mail.

I have tried repeatedly to get this straightened out and am most anxious to get these taxes straight and paid, and I realize as some councilmen have stated it is only \$9.15 but the money is not the important thing, it is the principal of the thing and if I under paid a bill \$9.15 can you imagine the howl that would go up then.

In conclusion I would like to say that I would be more than happy to pay the taxes that I owe, but I do not feel that I should pay the over-charged amount.

I also would like to thank you for your time.

Yours truly,  
 Donald L. Muenchink

Dear Burns:

This is to express our appreciation for your excellent article on the Texas Highway Department in the current issue of the Hondo Anvil Herald.

We appreciate the kind words regarding the department and are proud of all the members of the team who make up this fine organization of which we are only a small part. Any praise coming is due to the team as a whole and not as individuals. In addition, for the department to function properly, there must be cooperation from all government agencies in the county as well as the public as a whole. This is true for Medina, Bander and Frio Counties. The Texas Highway Department is purely a service organization to the people of Texas, and your recognition of it during Highway Week gives all of us a feeling of a job well done.

Thanks again for your interest in the Texas Highway Department.

Yours very truly,

Fosters attend GOP meet

The State Republican Executive Committee's quarterly meeting on Sept. 19 in Austin was attended by Mrs. Bruce T. Foster, 21st Senatorial Republican District Committeewoman, and Bruce T. Foster, Medina County Republican Chairman.

The SREC voted approval of resolutions placing the Republican Party of Texas on record as being opposed to massive cross-town busing of school children to achieve racial balance and in favor of the resolution introduced by Senator John Tower in the U. S. Senate which can lead to a constitutional amendment prohibiting such cross-town busing.

The state committee commended Representative Tom Craddick and other Republicans involved in the successful court suit in which the Texas Supreme Court ruled the Redistricting Bill passed by the Texas Legislature to be

unconstitutional. It appears that Uvalde County will not be divided because of this suit.

Outstanding speakers included Senator John G. Tower, Mrs. Tobin Armstrong, Co-Chairman Republican National Committeewoman from Texas, Peter O'Donnell, Jr., National Committeeman from Texas, U. S. Congressman Jim Collins and Drew Stasio, President Texas Federation of Young Republicans.

beneficial to our city. From this corner I feel the Tuesday night meeting was an excellent one and Rep. John Poerner is to be commended (as he was at the meeting by Henry Dominguez, Albert Rowlett and others) for providing this opportunity for the people to "speak out."

Also we should thank openly the state and federal men who came to provide us with information on programs which might help solve our problems.

Of course, that one meeting will not solve all the problems. Solutions come from hard work, dedication and sincerity of purpose.

Unless we all have these, then our problems will be with us for a long time.

TO WHAT DEGREE?

To what degree can one go before he breaks the law? Or when is breaking the law not breaking the law?

Everyday we hear a multitude of voices demanding that law breakers be punished. That they should not be allowed "to defy the law."

Apparently, that applies to the other fellow.

Or some of the things I have witnessed in Hondo would indicate this.

Monday night I went to a 4-H meeting to pick up our daughters. Standing outside I saw a young boy (he could not have been over 13 years old) get into a car with a younger boy, and off they went. If that boy has a license to drive, then I am wrong; but for the life of me I cannot imagine him having one.

Is this breaking the law? I would say yes. Just like I say that any driver, including me, who goes 31 miles an hour in a 30 mile speed zone is breaking the law. Where do we draw the line? That is up to our own conscience.

But I sincerely believe that until each and everyone of us convince ourselves that breaking the law a little is a wrong that will lead to completely ignoring laws, then our country will never climb out of the pit it is in.

IT'S A DOG'S LIFE

Many times we have said "that dog has an easier life than I do." And now they have declared a National Dog Week, and Mayor George Brucks has officially proclaimed it in Hondo.

This is fine. For hasn't it been said for many years that "dog is man's best friend?"

Ask any married man who has come home late with a little too much under the snout and belt. His wife either greets him with a rolling pin or frozen silence. But not his dog. He is just as happy to see his master at 3 a.m. drunk or sober as he was when he saw him early the morning before.

Which brings me around to the "dog problem" in Hondo. Daily City Hall gets many calls to "come get this dog running loose in my neighborhood tearing up everything."

Herein lies the problem. The City has only one dog catcher and he can't be everywhere. And believe it or not many of the dogs know his pickup as well as they know the family car, and they take off for parts unknown.

So City Manager Fritz Leinweber says that the City will have to start enforcing the ordinance which provides a fine levied on the owner who lets his dog run loose. "I don't see any other way to help solve the problem," he said.

So if you have a dog on the loose, fence him in or he might cost you money.

### SEWAGE FACILITIES

Joe Teller of the Texas Water Quality Board discussed the new program the Board now controls following the approval by the people of the Constitutional Amendment last year authorizing \$100 million in bonds for use in improving sewage facilities in municipalities.

He pointed out that money for such a program can be obtained with 55 percent a federal grant, 25 percent state loan and the remainder paid for by the community.

Teller also said that several avenues exist for the solving of drainage problems. He cited the formation of a drainage district and working through the Soil Conservation District which has various programs available. "But any of these programs demand participation by local communities in time, manpower and money," he pointed out.

### JOB PRODUCING

Charles Garrett, Chief, Program Review Division, covered the areas of concern provided by the Economic Development Administration. He said EDA is primarily a job producing organization and covers four main areas, public works, business development loans, technical assistance and planning grants.

"Public Works is our busiest program," he explained. "We make grants and loans for public work facilities, for both governmental and non-profit organizations. Right now Medina County is eligible for 50 percent grants on applicable programs."

He went on to explain this eligibility is determined through unemployment rate, out migration rate and low income rate.

"We help on loans for establishing industrial parks, water and sewer improvements and other improvements that lead to long time jobs," he said.

R. P. Fuller, Community Development Coordinator of the newly established Department of Community Affairs, said his organization is not funded. "But we do provide information and service on the programs which meet your objectives," he said. "Then we help you contact those departments which can help in achieving those objectives."

In discussing flood insurance he said first the City Council or Commissioners Court has to pass an ordinance requesting that the area be

designated for flood insurance. After this is granted then individuals can obtain their insurance, part of which will be paid by the state, through their individual insurance agents. "The maximum for a single family dwelling is \$15,000, plus personal effects," he said.

The subject of training people for employment was raised by T. A. Lopez who pointed out that Hondo has approximately 200 persons with no job skills at all.

Fritz Lanham explained that training programs are conducted by the Texas Employment Commission and Connally Institute of Technology at Waco. He assured Lopez that he would be in touch with TEC and Connally Tech and get an answer back as to how training might be accomplished.

### GOOD PARTICIPATION

Questions and answers brought on excellent participation on the part of many and helped alleviate fears by many persons that plans exist to move anyone out of their homes.

T. L. Lopez asked Mayor Brucks if the City had such a plan in mind and Brucks answered:

"We are studying all of these problems now, and we are here tonight to hear as much as possible about these programs. Then we can study them and come up with some solutions."

"We will study the causes of flooding in the city and will attempt to solve as many of them as possible. This might mean widening or digging out the slough on the east side of town. (It has been recommended that the Corps of Engineers be approached on the program.) And if this would cause any houses to be moved, then we would have to study the problems involved there before doing anything."

"As far as any decision being made by the City Council, it will not be done without the wishes of the people. We will try to do what the people want."

Ernest Bendele told the group that cleaning ditches over town would help eliminate a lot of the flooding. "With all the debris they cause the water to build up."

### FEELINGS REVEALED

Henry Dominguez reported that at a meeting on Monday night many people expressed their feelings and opinions on the subjects. He elaborated:

"We feel the railroad underpass and highway culvert on the east side of town need to be made deeper and wider. They caused much of the flooding in East Hondo."

"We need better drainage in East Hondo and along 15th, 16th and 17th streets west of Avenue M so that water from that area doesn't just run right down to the east area. We need to widen the slough in East Hondo and also prevent the water from the Tarpley Road area from coming through East Hondo."

"The people in East Hondo want to remain in their homes, but they need help in preserving their homes and maybe this three percent loans (the Code Enforcement program) can be part of the answer."

"Of course there are a large number of elderly peo-

ple in Hondo who are not capable of repaying a loan and perhaps the housing authority can be selected to get housing for them."

"We do not want public housing that places people in areas where they might feel they are pushed off from the rest, set aside as unwanted."

"We feel this is one of the best meetings we have attended in Hondo and if the City Council will lead the way, the people will cooperate to make this a better place in which to live."

His feelings were echoed over and over again by persons at the meeting voiced openly by Albert Rowlett who said "this is truly the first meeting ever held in Hondo that has provided so much information and held so much interest." He commended Rep. Poerner on arranging the meeting and offered his support of programs to help the city.

## Betrothal Told

A December 23 wedding in the Natalia Church of Christ is planned by Miss Carolyn Nancy Chant and Duane Williams.

Parents of the couple are Mrs. N. E. Chant and the late Mr. Chant, and Wilkes J. Williams of Hondo and Mrs. W. H. Johnstone of San Antonio.

The bride-elect is a graduate of Devine High School

and Texas A&I University in Kingsville. She is presently employed as a teacher in the Harlandale Independent School District, San Antonio.

Her fiancé is a graduate of Hondo High School, a senior plant and soil science major at Texas A&I University, and will graduate in December. He is a member of Alpha Gamma Rho and Alpha Tau Alpha fraternities.

## Karen Kay Armke is bride of Richard Burns

Miss Karen Kay Armke of Natalia became the bride of FN/EN Richard Burns Friday night, Aug. 27, 1971, at 8:00 in a double-ring ceremony at the Blanco Church of Christ in Blanco, hometown of the bride's family. Brother Steve Stevens of Austin, pastor of The Blanco Church of Christ, performed the ceremony.

The bride is the daughter of Mr. and Mrs. Leroy L. Armke of Natalia and the groom is the son of Mr. and Mrs. J. C. Burns, also of Natalia.

Brother Dan Pitts, his daughter Melanie and Virginia Pruitt of Natalia, Cindy Gibbons and Mr. and Mrs. David Gibbons sang "Somewhere My Love", "O Promise Me", and "God Be With You". The church was decorated with a candle-lighting bridal path, greenery and arrange-

ments of rainbow-colored flowers and candelabra.

The bride, given in marriage by her father, wore a white bridal gown fashioned with a complete circled floor-length skirt overlaid with scalloped lace and embroidered with seed pearls that made its own train. The fitted bodice featured a fitted midriff, sweetheart neckline with scalloped lace and seed pearls, and long full sleeves with pointed cuffs overlaid with lace. Her scalloped finger-tip veil was re-embroidered with seed pearls and attached to crown of satin and lace inlaid with seed pearls. She carried a bouquet of white carnations, mums and blue corn flowers.

Miss Valeria Felps, Houston, cousin of the bride, was maid of honor. Bridesmaids were Misses Holly Smith of Blanco, cousin of the bride, Janice Franklin of Houston and Gloria Gay Armke, sister of the bride.

They each wore floor-length dresses of Merical crepe fashioned of different colors respectively, moss green, royal blue, bright yellow and hot pink. They wore headpieces of silk organza that matched the color of their dresses. Their bouquets were of blue corn flowers, purple asters, yellow daisies and pink carnations with ribbons to match their dresses.

Little Miss Shelia West of Blanco, cousin of the bride, was flower girl and wore a purple floor-length dress. Kenneth Cooley of College Station was best man. Groomsmen were Mike Burns, brother of the groom, James Armke, brother of the bride, and Ricky Cooley, all of Natalia. Forrest Jay Armke of Leakey, brother of the bride, and Dayton Armke of Natalia, also brother of the bride, served as ushers and candle-lighters.

Miss Brenda Armke presided at the bride's book where 250 guests registered.

A reception was held immediately following the ceremony in the Methodist Church Reception Hall given by the bride's parents.

The bride's cake, a four-tiered confection, was decorated with blue corn flowers, purple asters, yellow daisies and pink carnations baked and decorated by the bride's aunt, Mrs. Casey Jones of Marble Falls. Punch was served from an heirloom punch bowl belonging to the groom's great-great-grandmother, the late Mrs. Minnie Ehrhardt.

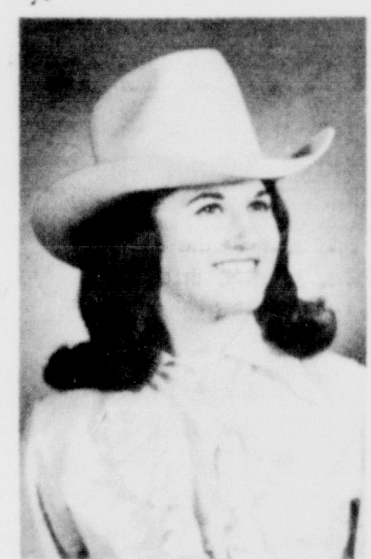

Servers at the bride's table were Miss Louise Butts of San Marcos and Mrs. Forrest Jay Armke of Leakey, sister-in-law of the bride, Betty Lou Moore and Holly West of Blanco, cousins of the bride, served the German chocolate cake, nuts, mints and coffee at the groom's table.

After a wedding trip to LBJ Lake at Kingsland, the couple are now at home in Key West, Florida where the groom is serving with the U. S. Coast Guard.

The bride chose for her traveling attire a white double-knit pant-suit.

They are both graduates from the Natalia High School in 1970 and the bride attended SWTSU, San Marcos, and she was employed at a bank in Blanco.

The bride had lived in the Natalia vicinity for the past 13 years and the groom was reared in the Natalia vicinity.

## Engagement announced

Mr. and Mrs. David R. Smith, Old Denton Rd., announce the engagement and approaching marriage of their daughter, Charlotte, to Waymon Groff. He is the son of Mr. and Mrs. Sonny Groff of Saint Jo.

Miss Smith is a 1971 graduate of Gainesville High School and her fiancé is a 1968 graduate of Bandera High School and has a diploma from the Fort Smith Auctioneer School, Ark.

The couple plan an Oct. 10th wedding at the First Presbyterian Church.

## That's all she wrote

by Edna McDade

Come this Saturday, it will be exactly three months to Yes, Virginia, there is a Santa Claus. In anticipation of that happy season, our Medina County Museum is seeking items for special displays to include Christmas decorations, toys, books and pictures that the children of ages (or at least decades) past enjoyed.

Long before the day of wind-up, battery-powered, so-called nuclear-energized and almost prohibitively expensive toys, kids had the happiest Christmases ever with simpler things, often made by hand at home.

If you will share any such treasures for the general nostalgic good, please call any Museum member. NORA WINKLER and GLADYS LINDEBURG are in charge of the special displays which are creating appreciative interest.

The Museum also welcomes school pictures, books, lunch pails, ink wells, slates, anything reminiscent of school days of the earlier 1900s.

The August floods recalled previous experiences for many Medina Countians. Mrs. ALFRED (Emilia Wurzbach) SCHMITT, Rio Medina, told me of two which relate to that area, long before Medina Dam was built.

She said that FANNY SITRE's father lost his wallet in a pecan bottom on the Medina. Months later it was recovered, with \$300 in currency which had been solidified by mud. "The government replaced it promptly," said Emilia.

A child drowned in the same flood. His remains were found many months later by the late Henry Boehme who was rewarded with a saddle by the grateful parents.

Stories of earlier floods in the 1930's, 1958 and as recently as at least four Seco rises again this year should impress on all of us our responsibility to guard against any future repetition. Let's think and act "Seco Creek Watershed".

\*\*\*

FRANK W. ROTHE of Hondo remembers way back yonder when Texas railroads and the telegraph system made history. He has interesting stories to tell of those days and he has promised me an interview, for a later story, to which I shall look forward with pencil poised and notebook at the ready.

\*\*\*

BERNADETTE, D'HANIS HS 1971, and daughter of SAM and MARY BELLE ZERR, is attending San Antonio College with a look to the future as a dental assistant.

JANE, Hondo HS 1971, and daughter of TONY and LORENE TAYLOR, is another sweet young thing with a similar goal in mind. Jane is following the in-service training route in the office of JOHN R. WINDROW, DDS.

If we can just hold off our toothaches until these ambitious young women qualify as full-fledged dental assistants, it might help ease the ouch to have them co-sponsoring the repair job.

\*\*\*

PAT and DIANE (Graff) BRAWNER, of Hondo and Castroville, are the parents of P. J. (3) and JASON who is now more than half way to being one year old.

Their mother says it is like keeping up with two jack-in-the-box puzzles when the boys are in good form, "and they usually are", she added. Of such stuff are small boys made!

\*\*\*

"Benjamin in the Woods", found himself rain-soaked in the recent flood. This is the title of one of the books in the children's department of our Hondo Public Library.

Librarian LOTTIE MAW showed it to me and said the young borrower of the book was distressed when he returned it, explaining that "I didn't do this - it was the rains!"

Lottie said that many such books must be listed among the flood casualties. What better way to help replace them than to become a member of Hondo Public Library? Sustaining memberships are only \$10 annually.

\*\*\*

In a time-worn "composition book" that once belonged to "Master Ernest Niethenhofer" and was used as a copy book, I found these worthy maxims, carefully copied in beautiful script: "Time once gone never returns again" / "Kindness bears interest, just like money" / "Predict only that which is past & gone" / "Try to get thoughts worth thinking"

Here are thoughts still "worth thinking". Will you join me in a thought session?

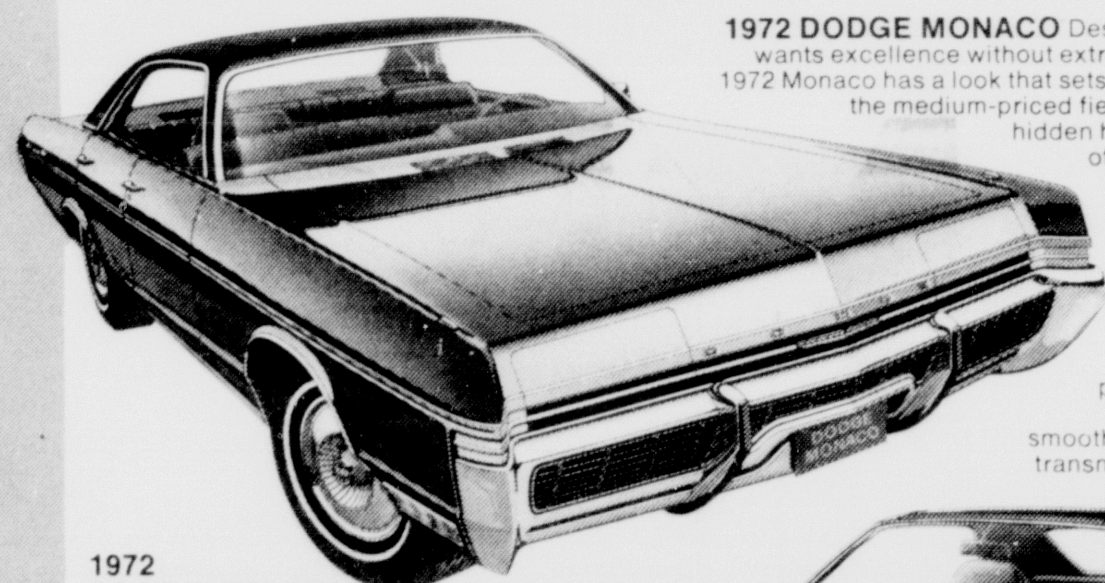

## DODGE LEADS WITH ITS STRENGTH.

# Polara/Monaco—the all-new look of '72 at familiar '71 prices.

## ALL-NEW STYLING... SAME OLD PRICES.

In a year when most new cars look a lot like last year's, Dodge Polara and Monaco do not. They've been restyled for '72. The emphasis in the design of these new cars has been on strength, solidity, and silence. Their strong, expressive styling achieves an

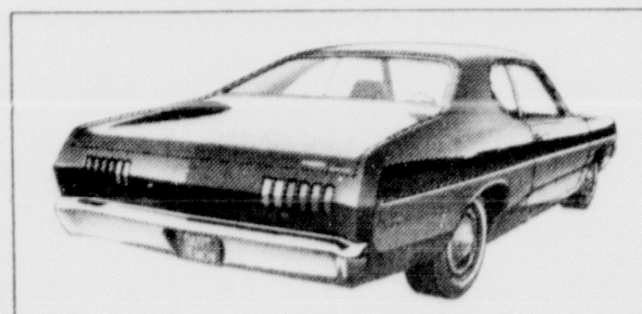

attitude of distinction with clean, fresh lines. And while the styling is all new, the prices of the '72 Polara and Monaco, and all Dodges, will remain the same as those offered on comparably equipped 1971 models. Prices may never be lower.

**1972 DODGE MONACO** Designed for the man who wants excellence without extravagance. The restyled 1972 Monaco has a look that sets it apart from the rest of the medium-priced field... like smooth lines, hidden headlights, and a streak of protective side moulding. It's equipped with the features you'd expect in a car as distinguished as Dodge Monaco. The new 360 two-barrel V8 engine, precise power steering, power front disc brakes, and Dodge's famous, smooth TorqueFlite automatic transmission are all standard.

**1972 DODGE POLARA** Dodge builds the Polara with a little extra size and riding comfort, and at the lowest possible price. You get such easygoing features as power steering, TorqueFlite automatic transmission, and a powerful, yet economical, 318 V8 engine standard.

**DART DEMON COUPE** Our lowest priced Dart. It just goes to prove an economy car doesn't have to be a little car. Dart Demon seats five adults comfortably. Dart Demon. It's very big about saving you money.

**DODGE CHARGER** The Dodge idea of what a family-sized sports car should be. It's large enough to seat six, and its sporty styling adds a new dimension to the old-fashioned family cars. Check it out today!

**DODGE DART** Dodge Dart for '72 has the styling, size, comfort, and performance to be your only car. Uncompromising and predictable, it does what it's supposed to—give you economy and dependability.

**DODGE CORONET** The convenience car. The perfect idea for a family car because Coronet is designed solely to be a four-door family sedan. Full-sized room for six people, and styling that you'll be proud of.

NOW ON DISPLAY.

# Dodge. Depend on it.

# Thompson-Smith wedding vows said

Miss Trudy Lynn Thompson became the bride of Samuel Eric Smith on Friday night, Sept. 17, 1971 at 7:30 at the Natalia Baptist Church, Rev. Franklin Pullin, pastor, officiated at the double-ring ceremony.

Parents of the couple are Mr. and Mrs. G. B. (Bud) Thompson of Natalia and Mr. and Mrs. H. C. Smith of Rt. 1, Natalia.

Floral decorations were fan-shaped arrangements of white gladiolas on either side of the altar. Mrs. Franklin Pullin played the nuptial music on the organ.

The bride, given in marriage by her father, wore a slipper-length A-line white peau de soie gown fashioned with a fitted bodice that featured a jewel neckline and long fitted lace sleeves. The front of the skirt was appliqued with lace motifs that came to a V design. Her veil of illusion was attached to a white headpiece borrowed from her cousin, Mrs. Gayle Thomas of Houston. For something old she carried a handkerchief that belonged to her late grandmother, Mrs. W. W. Thompson. She carried a bouquet of white carnations.

Mrs. Carroll A. Aaron of Lytle served her sister as matron of honor. Bridesmaids were Mrs. Jack N. Bradley of Rt. 1, Natalia, sister of the groom, and Mrs. Pat Smith of Cleburne sister-in-law of the groom.

They wore identical floor-length A-line dresses of aqua colored slipper satin; the fitted bodice featured a jewel neckline and an empire waistline and was overlaid with aqua colored lace that was carried out in the long fitted sleeves. They each carried a long stemmed pink carnation with pink ribbon streamers.

Pat Smith of Cleburne served his brother as best man. Groomsmen were Jeffery Thompson of Natalia, brother of the bride, and Walter Murray, Jr. of San Antonio. Ushers were Alfred Andrioli and

Arthur Andrioli of San Antonio.

Miss Angie Smith, sister of the groom, presided at the bride's book.

A reception was held immediately following the ceremony in the church fellowship hall hosted by the bride's parents.

The bride's cake, a three-tiered white confection was decorated with pink roses and green leaves and centered with the traditional bride and groom and surrounded with white satin ruching.

Miss Susan Rackley of Devine, cousin of the bride, served cake and Miss Joyce Townsend of San Antonio, also a cousin of the bride, served punch.

Miss Cindy Wells of Natalia served the groom's German chocolate cake and coffee.

After a wedding trip to Dallas the couple will be at home at Pearson and Sixth Street in Natalia.

The bride chose a Navy blue and green tailored dress of twill tweed designed with a jewel neckline and long full sleeves attached to four-inch cuffs for her going away outfit.

The bride is a 1971 graduate of Natalia High School and the groom graduated from the Natalia High School in 1968. He is employed by the San Antonio Fire Department.

## County residents plan meet

Saturday at 6:30 there will be an Awards Banquet attended jointly by Young Farmers and Young Homemakers.

## Shower honors Miss Thompson

Miss Trudy Lynn Thompson, bride-elect of Samuel Eric Smith, was honored with a miscellaneous shower on Tuesday night, Sept. 14, at the home of Mrs. A. L. Simmons.

The honoree wore a mint colored double knit A-line sleeveless dress. The hostesses presented her with a white rose corsage and her mother Mrs. G. B. (Bud) Thompson, and Mrs. H. C. Smith each with a corsage of red roses.

Mrs. C. V. Kerr led the group in introducing the m-selves by singing their names. Mrs. Kenneth Walker led the group in two games.

Miss Thompson was assisted at the gift table by her mother and her sister, Mrs. Carroll Aaron Jr. of Lytle. The gift table was covered

with a white linen tablecloth.

The serving table was covered with a white linen cloth overlaid with mint green net centered with a mint green centerpiece centered with white wedding bells. The white oblong cake was decorated with yellow, purple, blue and pink flowers with the inscription of Trudy and Sammy inscribed in mint green was served along with punch, mints and nuts by the hostesses.

Hostesses were Mmes. C. V. Kerr, A. L. Simmons, Harvey L. Bradley, Denver Eugene Day, A. M. Mosley, Lucky Roy Pruitt, Dennis George, Kenneth Walker and Mrs. Sam A. Wheeler. The hostesses' gift was an eight-place setting of stainless steel flatware.

Mrs. John Healy

## Recent bride

Miss Mary Elizabeth Britsch became the bride of John Wiley Healy Aug. 21, 1971 in an evening ceremony performed in St. John's Lutheran Church, San Antonio, by Rev. Arthur Holm, pastor. Rev. L. S. Dubberly, pastor of New Fountain Methodist Church, assisted.

The bride is the daughter of Mrs. John H. Britsch and the late Mr. Britsch of Hondo and parents of the groom are Mr. and Mrs. William J. Healy of Uvalde.

Given in marriage by her brother, John J. Britsch, the bride wore a formal-length gown of white polyester, lace bodice and long lace sleeves. The gown was trimmed with lace appliques and seed pearls. Her long veil was of lace.

Maid of honor was Kathy J. Britsch, sister of the bride. Bridesmaids were Cindy Schuehle, Clydell Koenig, Mrs. Richard Winters, Jr. and junior bridesmaid was Donna Healy, sister of the groom.

They wore long gowns of white dotted Swiss with wide emerald green sashes. Ivy foliage was in their hair and they carried large flowing arrangements of ivy bouquets.

Kenneth Baker served as best man. Groomsmen were William Lawton, Robert Britsch, brother of the bride, Travis Cooper, and Charles Britsch, brother of the bride, was junior groomsman. Ushers were John McClarity, Danny Welch, Russell Guinn and James Prescott, cousin of the bride.

The altar was decorated with white calla lilies, green foliage and green plants. Miss Kathy Watson sang the solo.

A reception was held at St. John's Fellowship Hall immediately following the ceremony hosted by Mrs. Britsch. One-hundred 25 guests attended.

After a brief wedding trip to the hill country the newlyweds are now making their home in Hondo where Mr. Healy is managing the local dairy queen. The bride is continuing her RN training at San Antonio College. The groom is a graduate of Uvalde High School and Del Mar Tech at Corpus Christi. Mrs. Healy is a Hondo High School graduate.

## She's betrothed

Carolyn Ann Bendele

Mr. and Mrs. Albert W. Bendele of Devine announce the engagement and approaching marriage of their daughter, Carolyn Ann, to Sylvan William Lutz, son of Mr. and Mrs. Frank R. Lutz of Hondo.

The bride-elect is a 1970 graduate of Medina Valley High School. Her fiancé is a 1970 graduate of D'Hanis High School. Both are employed in Hondo.

The couple plan a Nov. 20th wedding at St. Louis Church, Castroville.

## Mrs. Peter is MCAEC speaker

Mrs. Dee Peter, Consultant for Region 20, Special Education Materials Center of San Antonio, will be guest speaker for the MCAEC program Monday, Sept. 27, at 7:30 p.m.

Mrs. Peter's presentation will include two films entitled "Rewards and Reinforcement in Learning" and "Functional Teaching of Reading and Writing" (for exceptionally slow learners).

The public is cordially invited to attend. Refreshments will be served following the meeting.

The 1972 regular Chevrolets have added distinction plus strong emphasis upon quality. There is a new squared-off look to the front with a lower grille and individualized headlights. This luxury Caprice has a special large grid grille, full length side moldings with a color insert plus exclusive interior appointments. All regular Chevrolets have stronger front and rear bumpers. Variable ratio power steering and power brakes with front discs are standard. Turbo Hydra-matic transmission is standard on regular V8 models. Introduction date for all 1972 Chevrolets will be Thursday, September 23.

Gremlin Subcompact Offers V-8 for 1972

American Motors' Gremlin, first of the U.S. subcompacts, will offer a 304 CID V-8 engine package for 1972, and a new "Torque-Command" automatic transmission. The 96-inch wheelbase Gremlin will be available as a four-passenger model only, with rear

liftgate window and fold-down rear seat. Flip-open side windows, a stowage shelf for small parcels, snap-on map pouches for side doors, bucket seats and sliding sun roof are options. A 232 CID six is the standard engine. The Gremlin goes on sale in late September.

# AMERICAN MOTORS INTRODUCES THE GUARANTEED CAR.

If anything goes wrong with one of our '72's and it's our fault, we'll fix it free. Anything.

## AMERICAN MOTORS 1972 BUYER PROTECTION PLAN.

For years, car buyers in this country have been saying that instead of shiny new chrome every year, what they really want is a good car they can count on.

That's why American Motors and its dealers put together their 1972 Buyer Protection Plan. Here's how it works:

## A STRONG GUARANTEE IN PLAIN ENGLISH.

When you buy a new 1972 car from an American Motors dealer, American Motors Corporation guarantees to you that, except for tires, it will pay for the repair or replacement of any part it supplies that is defective in material or workmanship.

This guarantee is good for 12 months from the date the car is first used or 12,000 miles, whichever comes first.

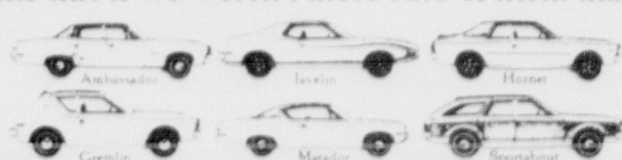

All we require is that the car be properly maintained and cared for under normal use and service in the fifty United States or Canada and that guaranteed repairs or replacements be made by an American Motors dealer.

This guarantee gives you 12-month or 12,000-mile coverage on a lot of things most car warranties don't. It covers air conditioning, battery, radio, wiper blades, front end alignment, light bulbs—literally everything we put on the car except tires.

In other words, if something we did goes wrong with one of our '72's, you won't have to pay for the parts or the labor. We will.

## A MORE THOROUGHLY-CHECKED CAR. FROM THE FACTORY AND THE DEALER.

Naturally, we wouldn't be backing our cars like this if we weren't more sure of them than

we've ever been before. For 1972, we've put in more quality control steps, more tests and more people to see that every car leaving our factory is as perfect as man and machine can make it.

At the dealer's, it's checked over again.

STARTING TODAY, AMERICAN MOTORS DEALERS WILL DO MORE FOR YOU AFTER YOU BUY A CAR THAN ANY OTHER DEALER IN TOWN.

## FFA sweetheart elected

The Hondo FFA Chapter held its monthly meeting on Monday, Sept. 13, in the audio-visual room of Hondo High School.

The meeting was called to order by president Wayne Stein at 8:30 p.m. Fifty-one members were present and all officers were at their stations.

The treasurer's report was given and the balance of our bank account was reported as of September 1st. Tony Hardt, vice-president, gave a report on the state convention in Houston.

A motion to have a chicken barbecue on October 23 was made and passed. A motion offered and passed on the dues for the coming year.

The last order of business was election of the Chapter FFA sweetheart. Three girls were nominated and Lanell Saathoff was elected sweetheart for the coming year. Refreshments were served after the meeting.

This year there are 93 students enrolled in classes of vocational agriculture. Sixteen students are in the Coop. part-time training program. These boys work 15 hours each week during the school day. Most of the students complete their classes at school in four periods and then report to their working stations. The boys enrolled in Coop. training meet one hour of ag. class each day.

At the present time, this class is building and installing tools in the agriculture shops. When the two shops are properly arranged the older building will be used for metal working and the new one for wood-working projects. Tool storage racks are being built so that the tools might be better used by the students while working on shop projects.

# Best Variety Test Plot demonstrated by Gooding

By Glenn Bragg  
Medina County Agricultural Agent

The 1971 corn harvest has been completed in Medina County and producers are discussing yields and varieties with neighbors.

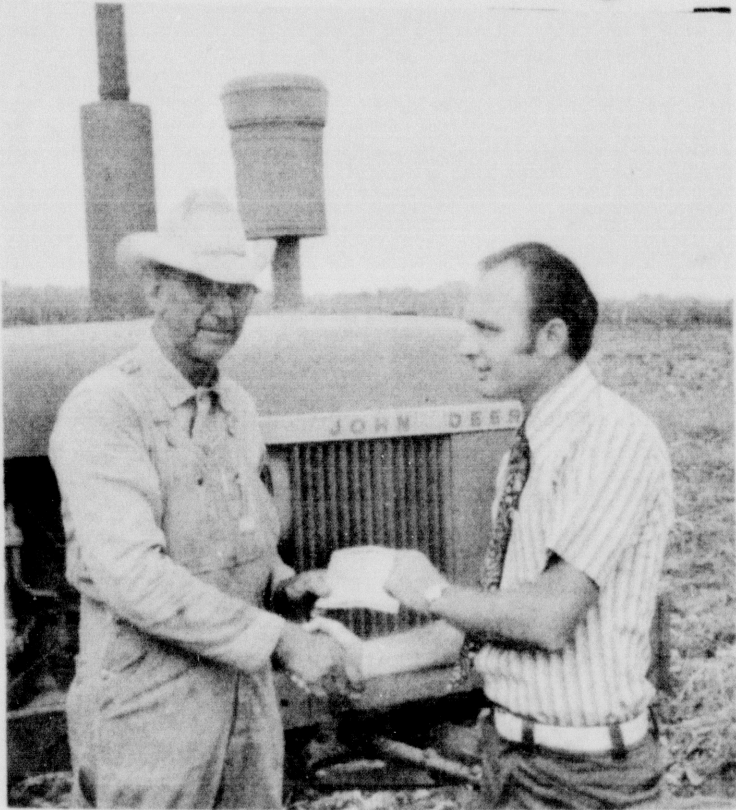

Many growers are anxious to find out how new varieties compared with some of the old standards in the Variety Test Plots, especially when a \$25 gift certificate is involved.

During the July Medina County Crops Tour, the person making the closest estimate of the highest yielding variety in the Rene Aelvoet corn test plot was to receive a \$25 gift certificate from the E. R. Leinweber Company in Hondo, according to Glenn Bragg, Medina County Agricultural Agent.

Glenn Gooding of Hondo was winner of the gift certificate. Gooding selected Agrow 405 as the highest yielding variety estimating it to yield 130 bushels per acre.

Gooding operates 245 irrigated acres and 270 acres of dryland crops. He farms primarily oats, corn, and grain sorghum. This year, however, he planted and harvested 20 acres of alfalfa. He also has two acres of soybeans that look good.

The highest yielding variety in the test was Agrow 405 with a yield of 130.68 bushels per acre. The next

## SCS schedules soil tour for October 5

With recent flooding having caused extensive damage to area farms and ranches, interest is expected to run high in the annual tour to be sponsored October 5 by the Medina Valley Soil and Water Conservation District.

Plans call for the tour to begin at Mumme's Inc. and leave at 9:30 a. m. for a tour of the company's modern laying house. From there it will cover farms belonging to Harold Stiegler, Franklin Muenink and E. J. Williams.

Final stop will be the New Fountain Methodist Church where those attending will see flood pictures and enjoy a barbecue lunch.

District members will also elect a farmer or rancher to serve a five-year term as director in Sub-District 3. This includes the landowners north of Highway 90 and east of the Hondo-Tarpley Highway and west of the paved road from Dunlay to Medina Lake. Everyone in this district is urged to attend.

Harold Stiegler is the present director. He has served two full five-year terms and is now completing 2-1/2 years of John Poerner's unexpired term.

At their Sept. 8 meeting District Directors voted to attend the Annual State Association of SCS meeting

slated October 19-21 in McAllen. Those planning to attend are Clarence P. Wur-

bach, Lloyd Hart, Harlon Wolff, Frank Silvey, and E. L. Abbott.

# 1972 Chevrolet. Building a better way to see the U.S.A.

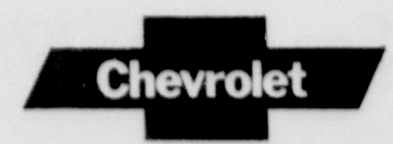

Caprice Coupe illustrated at Mt. Rushmore in South Dakota.

## We want your new Chevrolet to be the best car you ever owned.

The best. No qualifications. No reservations. We want it to be the most beautiful, most trouble-free, most comfortable car you ever owned. So we've given the 1972 Caprice (above) power steering, power front disc brakes, refined power ventilation and an improved front bumper to provide added front-end protection. Plus a 400-cubic-inch V8 engine and Turbo Hydra-matic automatic transmission.

All standard, as you expect with a luxury car. And Caprice is but one of the new Chevrolets. There are 45 in all: pictured below (left to right) are the 1972 Monte Carlo, Chevelle, Nova, Camaro and Vega. Altogether, a lot of diversity. So there's bound to be a Chevrolet just right for you, your family, your budget and your kind of driving. Whatever your choice, we want your new Chevrolet to be the best car you ever owned. No less.

## Sentences given in District Court cases

Criminal court handled several cases last week with the results being as follows:

Harris P. Harrell, charged with possession of marijuana, was ordered released to probation officer in Travis County.

Ernest Robert Mascorro was charged with burglary of motor vehicle. He entered a plea of guilty and was sentenced to two years and placed on probation.

Roland S. Tello was tried for robbery by assault. After

a plea of guilty he was sentenced to five years.

Clifford D. Fritter, charged with assault with intent to murder, entered a plea of not guilty to that charge and a plea of guilty to aggravated assault. He was fined \$500 and costs.

James Michael Moczygemba was charged with robbery by assault. He plead guilty and was sentenced to five years and placed on probation. Two others involved in the same case were Carl L.

Byrom and Freddie Karis Stabenow. Byrom has jumped bond and Stabenow died in prison while serving time on another charge.

David C. Jamison was found guilty on a charge of possession of marijuana and was sentenced to two years.

In District Court action in Uvalde this week Jesse Mendoza, Jr., who was charged with rape after an incident in Medina County back in 1969, entered a plea of guilty to the charge and was sentenced to 25 years.

Mayor George L. Brucks has officially given the dogs a week in Hondo, proclaiming September 19-25 as "their week." He is shown here signing the proclamation while members of the South Hondo 4-H Dog Care and Training unit stand by. They are in no special order: Alice Geuea, Chris and Douglas Cole, Tim Gilliam, Janet DeGrodt, Bonnie Beuea and Mark Britsch.

### This is Dog Week!

This is "Hondo Dog Week" so be kind to the four-legged creatures or they might pull an official proclamation of the mayor on you.

Mayor George L. Brucks made it official after the South Hondo 4-H Dog Care and Training Unit worked hard in preparation for the week. The group meets each Tuesday from 8 to 8:30 p.m. at the St. John's Church to train their pets in obedience. They also have gone on the radio, written news stor-

ies, made posters, given monthly project reports and demonstrations. These youngsters believe there is a need to develop "more interest in dog care and assuming the responsibilities of a living thing that will pay back in love and affection.

This week the Hondo group will present programs Saturday, Sept. 25, at 12:30 p.m. in San Antonio in conjunction with the Alamo City's observance of special week for "man's best friend."

STOP! YOU COYOTE

... seems to be Mark Buescher's (33) signal as he and Gordon Wiemers (75) head for Uvalde runner who is on the ground

## Notre Dame grabs top football spot

Our first ratings for 1971 definitely have a 1970 flavor. For that matter, you could say they also have a 1969 flavor, a 1968 flavor, etc. Any strange faces? Not really. They've just been shuffled around a bit. Notre Dame takes over the Number One spot, starting the season with a power quotient of 122.7. Nebraska and Texas are second and third respectively with P/Q's of 117.3 and 116.

Top honors for games that will be real coronary provokers Saturday have to go to two in particular. Sixth-ranked Auburn meets 8th-ranked Tennessee and Colorado, No. 7, clashes with Ohio State, #10. Of the four, the Buffaloes provided the most fireworks two weeks ago when they upset LSU. To accomplish the same feat in Columbus would blast skyrockets all the way back to Boulder. However, we're going to light a very small sparkler and pick the Coloradoans by one. The winner of the Tiger-Volunteer

struggle will, as usual, have an inside track to the Southeast Conference Title. And we think Auburn will be on that track ... the Tigers by eight points.

The high-flying Georgia Bulldogs, ranked 11th, go after win number three against Clemson. After clobbering Oregon State and whipping Tulane, it doesn't look as though the Tigers can slow them down ... Georgia by 33! And if Pittsburgh's recent upset of UCLA means that the Panthers are loaded, 12th-ranked Oklahoma will provide part of the answer Saturday. The Sooners meet Pitt in Pittsburgh ... Oklahoma's favored by 21 points. On paper, Alabama shouldn't have too much trouble from Southeast Conference foe Florida. However, when upsets occur, it's that "friendly" conference opponent that'll do it. The 13th-ranked Tide will stop the Gators of Florida by 24 points.

The two apparent West Coast powers (at least for the

moment), Stanford and Washington, will pass their tests Saturday. The 9th-rated Indians run into stubborn Oregon, still smarting from their drubbing at the hands of Nebraska. The Huskies, No. 19, meet TCU. Stanford will dump the Ducks by 19, and the Horned Frogs of TCU are 14-point underdogs to Wash-

ington.

Taking a quick look: 5th-ranked Michigan will beat UCLA by 21 points ... Texas will clip Texas Tech by 24 ... Notre Dame will rap Purdue by 27 ... Nebraska will add another scalp, whopping Texas A&M by 27 ... and Arkansas, #4, will tie up Tulsa by 42.

## 28-AA RESULTS

A full-action slate provided plenty of action for District 28-AA grid teams Friday night. Results showed these out comes.

Devine  
Rolled over Pleasanton 28-6 behind three touchdowns by Randel Krendrick. Other scorers were Rick McCain and Paul Jette.

Hondo  
Lost to Uvalde 40-8. Terry Mechler scored the touchdown and extra points on passes from Tom Hill.

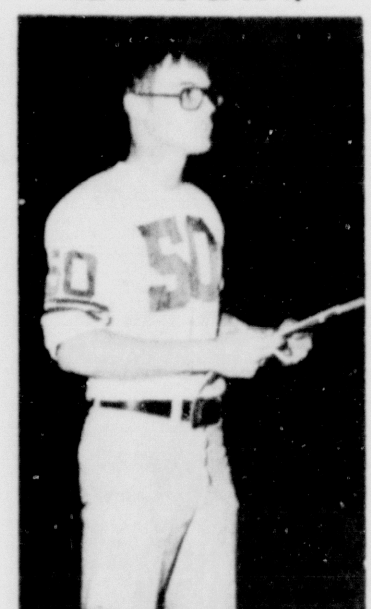

Medina Valley  
Lost to Judson 15-12. Steve Keller and Armando Pimental did the scoring.

Carrizo Springs  
Fell to Del Rio 31-0.

Pearsall  
Ripped Dilley 37-0. Scoring made by Dennis McGeehee, Alan Lawler, John Sutton, Gus Brown, Marcus Vinton, David Waldrum.

Poteet  
Went down 34-8 before onslaught of Jourdanton. Randy Magnum scored TD and James Roberts made tackle for safety.

Cotulla  
Could not find score. Southwest  
Beat Southside 31-14. Come from behind victory sparked by Emilio Soliz, Charles Guzman, Dorden Daskin, Rick Perez and Hector Ruiz.

## Steer Roping scheduled

Action promising a thrill-a-minute is slated for the Hondo Rodeo Arena Saturday night. That's when the big Steer Roping event unfolds, at 7 p.m. to be exact.

The action includes 3-steer average (facing) \$50.00; Open Barrel Race, \$5.00; Junior Barrel Race (14 and under), \$3.00; Steer Riding (14 and under), \$3.00.

Admission prices are \$1.00 for adults and 50 cents for children. The public is cordially invited to attend.

## How to get strong hands

ANNAPOLIS, Md. --Ever see it fail?

The fellow with the largest and strongest hands on the Navy football squad isn't allowed to use them. He is Rich Been of Hondo, who would draw a 15-yard penalty for using his hands.

Been developed his strength milking cows on his father's 500-acre dairy farm.

"We had an old Jersey cow with a broken hip," Been recalls. "As a boy, it was my job to hand milk her every day."

## LEGAL NOTICES

LIVESTOCK MARKS AND BRANDS--RECORDING AND RE-RECORDING IN ALL COUNTIES  
CHAPTER 459  
S. B. No. 249

An Act relating to the recording and re-recording of livestock brands and marks; and declaring an emergency.

Be it enacted by the Legislature of the State of Texas:

Section 1. (a) This Act shall apply to every county in this State. In all the counties each owner of any livestock mentioned in Chapter 1 of Title 121 of the Revised Civil Statutes of 1925 shall within six months after this Act takes effect have his mark and brand for such stock recorded in the office of the county clerk of the county. These owners shall record the marks and brands whether the brands and marks have been previously recorded or not.

(b) The owner shall have the right to have his mark and brand recorded in his name who according to the present records of the county first recorded the brand and mark in the county, or in event it can not be ascertained from the records who first recorded the brand and mark in the county, then the person who has been using such mark and brand the longest shall have the right to have the brand and mark recorded in his name.

(c) After the expiration of six months from the taking effect of this Act all records of marks and brands now in existence in the county shall no longer have any force or effect and after the expiration of six months only the records made after this Act takes effect shall be examined or considered in recording marks and brands in the county.

(d) Immediately upon the taking effect of this Act the county clerk of the county shall have this Act published in some newspaper of general circulation in the county for a period of thirty days. The publication shall be paid for by the county out of the general county fund.

Sec. 2. All clerks in registering brands shall comply with Articles 6890 through 6899, inclusive, of the Revised Civil Statutes of Texas, 1925, as amended, and with Section 1, Chapter 273, Acts of the 41st Legislature, 1929, as amended (Article 6899a, Vernon's Texas Civil Statutes), and shall also be aware of and comply with Articles 1484, 1485, and 1486 of the Penal Code of Texas, 1925.

Sec. 3. All brands and marks registered under the provisions of this Act shall be re-registered every 10 years

in the manner prescribed in Section 1 of this Act.

Passed the Senate on April 15, 1971: Yeas 31, Nays 0; May 21, 1971, Senate concurred in House amendment by a viva voce vote; passed the House on May 6, 1971, with amendment, by a non-record vote. Approved May 27, 1971. Effective Aug. 30, 1971, 90 days after date of adjournment.

# Buffalo hunt slated by Owls Friday night

Buffalo is the name of a large, lumbering animal. That is, it was until the Samuel Clemens gridsters took on the name.

Now Buffalo means a large, mean, fast football player. And that is what the Hondo Owls face Friday night when they travel to Schertz to take on Samuel Clemens.

These are the Buffaloes who edged past the Owls 12-9 last year on Barry Field, so this might just add the incentive needed to bring Hondo out of the doldrums of last week's loss.

Coach George Reddell, who scouted the Schertz eleven, says they are "large and pretty quick." He says the

men to watch on offense are the quarterback David Becerra and fullback Richard Draper.

"Becerra weighs in at 171 and moves good," the coach said. "He is a good scrambler and when he needs yardage he gets it."

Defensively, the Buffaloes boast James Smith, a 285 pound tackle; and Eddie Rathbun, the other tackle who tips the scales at 200 pounds.

Last week Randolph whipped Samuel Clemens 24-14, coming back in the second half to make it a good contest.

Head Coach Nelson Bippert says the Buffaloes will pass some. "And not bad at it,

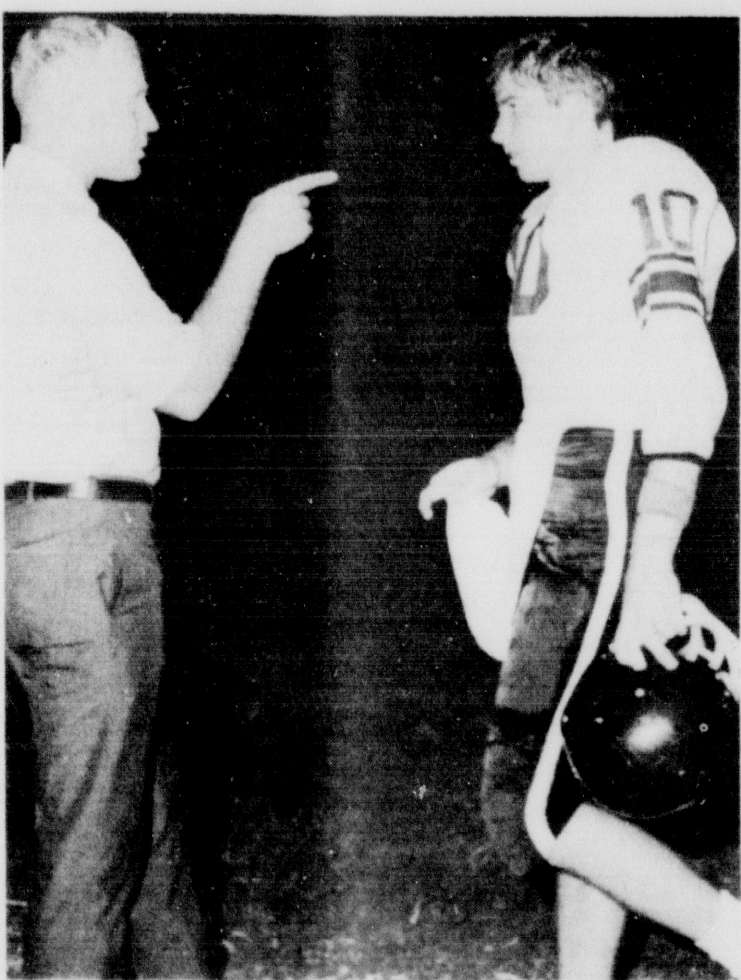

They operate from a straight T with both ends tight, and depend on quickness and power to get the job done."

When asked how the Owl spirit is this week, the coach answered, "They are going to do all right. They had good workouts and lots of hustle. I believe we will see a different game Friday night."

Bippert said there will be no changes in the Owl strategy. Johnny Abrego, who had an injured leg Friday night in Uvalde, will be back. "Or I feel sure he will," Bippert said. "He worked out all week."

Kurt Leinweber, the regular center, will not see action again this week due to illness.

The offensive lineup for Samuel Clemens will include: Gary Hendry (80) LE, 166; James Smith (77) 285, LT; Wayne Brown (65) 139, LG; Mike Wells (50) 173, C; Ron Sharpe (82) 173 RG; Eddie Rathbun (72) 200, HT; Mike Mock (82) 185, RE; David Becerra (7) 171, QB; John Phaneuf (32) 163, HB; Richard Draper (44) 177, FB; Tommy Howard (20) 161, HB.

THAT PLAY DIDN'T WORK

... Coach James Bohls tells Tom Hill

JAKE SCHUEHLE HAS THE TORINO

This two-door Gran Torino has a unique front end treatment which differentiates it from the grille of the Torino. With a double "egg-crate" texture, the top half of the grille is

framed by bright molding. The framing is completed at the bottom by the bright bumper cut out to the grille contour.

# Friday just wasn't Hondo's night to hoot

Friday should have been the 13th on the calendar as far as the Hondo Owls were concerned. They were battered and scratched 40-8 by the revengeful Uvalde Coyotes.

They ran into all kinds of "bad luck." First it was a fire up Coyote team that was plenty tough; and next it was mistake after mistake that proved it "just wasn't their night to hoot."

These mistakes proved many and costly as the Coyotes played almost flawless ball in executing their attack, and showed continuing alertness in taking advantage of Hondo miscues.

Early in the first frame Uvalde forced Hondo to punt and the snap hit the short man in the formation. A Coyote pounced on the ball and Uvalde was off and running. Eight plays later they scored

ed their first TD on a 39-yard pass from QB Richard Collier to split end Jay Harpole. A pass to Randy Gerdes added two points to the board.

The kicking game proved to be the Owls' undoing again in the second quarter. Johnny Abrego kicked a high, pretty spiral from his own 21 and Harpole grabbed it on the Coyote 39. There wasn't an Owl defender within 10 yards of him when he caught the ball and he slanted to the right sideline where Coyotes formed a solid wall of protection for his 61-yard scamper to paydirt.

An intercepted pass gave the Coyotes their next touchdown as Terry Hale intercepted a Tom Hill aerial and returned it to the Owl 24. It took only five plays to score, with Oscar Mirelez rambling over on a power sweep around right end.

The Owls tried to get untracked but QB Tom Hill was dropped for five and 13 yard losses trying to pass and when he went back to punt the snap was low and he had to eat the ball on his own 21-yard line.

Uvalde capitalized again, with fullback Mike Paradeaux bulging over from the 2-yard line.

Hondo's moment of glory came as the second half opened. The Owls ignited a spark of hope in disheartened fans by taking the kickoff and marching 62 yards for their first tally of the night. Tom Hill hit Terry Mechler on the touchdown play, and then followed with a pass to Mechler for the two points.

But it proved to be a false hope, as the Owl offensive spark sputtered and went out.

Not so with Uvalde. They "came to play" as Dizzy Dean says and proved it again with the help of a short Hondo punt.

Taking the punt on the Owl 35, the Coyotes scored in eight plays, sending Hal Chapman around end for the tally. Collier kicked the extra point again.

Only two plays later disaster struck again. Deets Fenley fell on a loose football at the Owl 26 and the Coyote scoring machine cranked up again, or to be more exact it just increased its speed from idling. Paradeaux rammed over from the one and a half to light the scoreboard 40-8 after Collier's kick.

For the next eleven minutes it was just agony for the Hondo fans and players.

Statistics showed: First Downs--Hondo 9, Uvalde 16; Yards Rushing--Hondo 90, Uvalde 152; Passing--Hondo 7-13, Uvalde 8-10; Yards Passing--Hondo 84, Uvalde 120; Interceded By--Hondo 0, Uvalde 1; Total Offense--Hondo 174, Uvalde 272; Penalties, Yds.--Hondo 3-31, Uvalde 9-88; Fumbles Lost--Hondo 3-2, Uvalde 1-0; Punts Avg.--Hondo 4-28.5, Uvalde 3-26.5; Return Yards--Hondo 102, Uvalde 73; Total Plays--Hondo 55, Uvalde 63.

## Cowboys Earn 6-6 Tie

The D'Hanis Cowboys earned a tie with the visiting Lytle Pirates Friday night on the strength of Bobby Joe Rothe's 45 yard touchdown run with an intercepted pass.

The score came in the second period of play and that's the way the scoreboard read at halftime.

The Pirates came back in the third period and quarterback Gary McMeans sneaked it in from the two yard line climaxing a fifty yard drive.

D'Hanis is now 0-1-1 for the season.

## Naval Reserves School open to all area reserve officers

San Antonio's Naval Reserve Officers School 8-17 will open its 1971-72 school year here Thursday, Sept. 2, 1971.

The school is a graduate level classroom program open to Reserve Officers of the Navy, Coast Guard, Marines, Air Force and Army. Active Duty and Retired Officers may also enroll within the capacity of the school to accommodate them.

Classes will be conducted each Thursday evening from 6:15 to 8:15 through next June 29 at the San Antonio Naval Reserve Training Center, 311 E. Arsenal Street.

Two courses will be offered for the coming year. CDR Ernest E. Roney, Jr., Assistant to the Director, San Antonio Zoological Gardens and

Aquarium, will instruct the course in Oceanography. LT Jerry R. Tyson, Inventory Management, Kelly AFB, will moderate the seminar course of Part I to National Security Management presented in conjunction with the Industrial College of the Armed Forces.

In addition to the knowledge gained from these courses, they also earn retirement points for reserve officers of all the armed forces.

Officers may register any Thursday evening from now until the end of Sept., or they may contact the Naval Reserve Training Center in San Antonio, 225-2997.

## Here in Hondo

Jim Jenkins won an all-expense paid trip to Mexico City as top salesman in a recent contest with a feed company.

MR. AND MRS. TEX KRIEWALD . . . they want to go to Switzerland

## Kriewald tries for Switzerland

Down at the H. E. B. Food Store in Hondo the employees want to send Manager Tex Kriewald to Switzerland.

And it's not just to get rid of him for a while. They really want him to win a trip to Switzerland for a vacation.

And would you believe, so he can ride an airplane for the first time in his life!

HEB Grocery Co. is sponsoring a contest among its store managers, and the manager who shows the biggest gain in selling HEB bread, Park Manor ice cream, Royal

Maid cookies and sherbets wins an all expense-paid trip to Geneva, Switzerland.

So Tex and his wife, Marge, are out to win that trip, and they have the support of all the employees. Now they urge everyone to help "send Tex and Marge to Switzerland."

Marge is even trying to prep Tex for that plane ride by getting him on a short hop to Houston, but as yet it seems that if he wins he will step on a plane for the first time.

## Gridiron Gold

Character studies in gridiron action are bringing fame and fortune to professional Austin artist Brenda Polsky Morgan. With life-like detail, she interprets in dynamic oils the force and action of the pigskin game . . . but it's the players, not the plays, she favors. An avid TV football fan, the talented Mrs. Morgan admits she's more interested in the picture possibilities than the game itself. ## Grain sorghum residue aids soil

Residue from grain sorghum left on near the soil surface. This type of farming will help prevent erosion while no crops are being grown. It also will help prevent evaporation and increase soil fertility. This is a practice which does not cost anything extra, but will increase your future returns.

## AIRMAN CRAVEN ASSIGNED TO TACTICAL AIR COMMAND AT MAC DILL AFB, FLA.

SAN ANTONIO--Airman John R. Craven, son of Mr. and Mrs. John R. Craven of 1123 S. Witter, Pasadena, has received his first U. S. Air Force duty assignment after completing basic training at Lackland AFB.

Airman Craven is a 1971 graduate of Pasadena High School. His wife is the former Marsha Mohundro of 409 22nd St., Hondo.

## Texas Star paints Lone Star picture

Brenda Polsky Morgan puts the force and color of football on canvas for the Sept. 26 Texas Star magazine cover, which depicts a Texas-Texas Tech confrontation. It just might closely resemble one of the plays which will take place Saturday, Sept. 25.

A professional Austin artist, Mrs. Morgan is finding fame and fortune in her interpretations of gridiron dynamics and drama.

Other features of the next Star will be international fishing at Falcon Lake, a singing scholar from Temple, a poignant philosophical column by the inimitable Paul Crume of Dallas, and an anteater.

"Life with Baby" is simple, according to the George Haley family of Winkler County -- just keep the strange beast supplied with ants and cherry-flavored yogurt.

L. A. Wilke reports that you can catch fish in a cathedral at Falcon Lake in South Texas, where may be found enough piscatorial pleasure for all on 80,000 acres of international waters.

Larry Ingram of the Temple Telegram has written the story about the newest Rising Star, Liza Farrow, a lovely young songstress who is at the head of her class.

Paul Crume's contribution is an example of his level-headed thinking, presented with his usual charm and a sly suggestion that first-graders will bear watching.

For dessert there are excerpts from a new cookbook by home economist and housewife, Mrs. Mary Lou Koehler, who recommends black-eyed pea salad and who also gives some thinking to Chinese dishes.

Mr. and Mrs. Richard Ahr of New Braunfels visited Mrs. Alexandrina Ahr and other relatives.

Mrs. Clarence Holzhaus, Mrs. Milton Haby and Mrs. Lydia Leinweber visited their mother, Mrs. Annie Tschirhart.

Mr. and Mrs. Clarence L. Haby and son of Castroville visited his mother, Mrs. Rosa Haby.

Mr. and Mrs. Lawrence J. Haby of SA visited Mrs. Rosa Haby.

Mr. and Mrs. Martin Franger of SA visited his brother, Henry Franger.

Mrs. Burrell Ernie was here with Dorothy Braun visiting Mrs. Burrell.

Mrs. Olga Tschirhart of Pipe Creek visited her sister, Mrs. Ahr.

Mrs. Louise Letcher and Mrs. Harley Odum of Lake Hills visited their sister and aunt, Mrs. Drina Ahr.

## New publications available on pasture, winter forage

By Glenn Bragg  
Medina County  
Agricultural Agent

Several new publications on pasture and winter forage production are now available at the County Extension Office, announces County Agricultural Agent Glenn Bragg.

The publications are entitled "Keys to Profitable Permanent Pasture Production in South Texas" and "Keys to Profitable Winter Annual Forage Production".

The guidelines on pasture production deal specifically with this area of the state, points out Bragg. Therefore, producers have access to information that is adapted to their locality.

The pasture guidelines feature information on various species of grasses and how to establish them plus cultural practices such as irrigation, fertilization, and disease, weed and insect control. Various methods of utilizing pastures are discussed. Costs and returns of pasture production are also featured.

According to Bragg, the guidelines on winter forage production contain information on small grains and various winter grasses and clovers. Sections of the publication are devoted to cultural practices, grazing management and economics.

Since pastures are improving over the area due to recent rains, now is a good time for producers to consider a sound management program for fall and winter forage production, adds Bragg.
